

Project Design Phase-I - Solution Fit Template

Project Title: Empowering India: Analysing the Evolution of Union Budget Allocations for Sustainable Growth.

Team ID: LTVIP2026TMIDS86695

Define CS, fit into CC	1. CUSTOMER SEGMENT(S) CS - Policy makers & government officials - Economists & research scholars - Civil service aspirants (UPSC, State PSC) - Academic institutions - Financial analysts - NGOs working in development & sustainability	6. CUSTOMER CONSTRAINTS CC - Limited access to simplified data - Lack of time to analyse detailed budget reports - Technical economic terminology - Data interpretation, challenges - Study impact of budget on inclusiv & green growth	5. AVAILABLE SOLUTIONS AS - Government Budget documents (official PDFs) - Economic Survey reports - News articles & media analysis - Research papers & think tank reports - Parliamentary discussions Limitations: - Technical language difficult for common readers - Scattered data across multiple sources - Limited comparative sustainability analysis	Explore AS, differentiate
	2. JOBS-TO-BE-DONE / PROBLEMS J&P - Understand how Union Budget allocations have evolved - Analyze sector-wise spending trends - Evaluate sustainability focus in government spending - Identify gaps between allocation and implementation - Study impact of budget on inclusive and green growth	9. PROBLEM ROOT CAUSE RC - Budget data is complex and highly technical - Lack of simplified sustainability-focused analysis - Fragmented information across sectors - Limited public awareness of long-term fiscal impacts	7. BEHAVIOUR BE - Read budget highlights from news portals - Watch budget summary videos - Refer to coaching materials (for competitive exams) - Use government portals for raw data - Attend policy discussions or webinars	
Identify strength TR & EM	3. TRIGGERS TR - Rising concern about climate change - Need for inclusive economic growth - Increasing fiscal deficit discussions - Public debates on budget priorities - Demand for transparent public finance analysis	10. YOUR SOLUTION SL - Provide a structured, simplified analytical study of Union Budget evolution - Compare historical and recent budget allocations - Highlight sustainability focused sectors (renewable energy, health education, rural development) - Present visual charts and trend analysis	8. CHANNELS of BEHAVIOUR CH Online: - Government websites (Union Budget portal) - PIB releases - Economic Survey publications - News platforms' host website analysis channels - Academic databases	Exploit strength TR & EM
	4. EMOTIONS: BEFORE / AFTER EM Before: - Confusion about budget causality - Lack of clarity on fund allocation - Concern about economic inequality After: - Better understanding of budget (money) - Confidence in analysing public policy - Awareness at sustainable development priorities	10. YOUR SOLUTION SL - Provide a structured, simplified analytical study of Union Budget evolution - Compare historical and recent budget allocations - Highlight sustainability focused sectors (renewable energy, health education, rural development) - Present visual charts and trend analysis - Offer policy recommendations for sustainable growth	8. CHANNELS of BEHAVIOUR CH Online: - Newspapers - Policy seminars - Civil services-caching Offline: - Newspapers - Univerting lectures - Civil services-caching
